Egg Crate Grille

Egg crate grilles are the industry standard extract grille. Comprising a core with over 90% free area with vanes parallel to airflow, egg crate grilles are capable of handling huge air volumes with minimal noise generation or pressure drop. Ideal for areas requiring high changeover rates like restaurant kitchens, painting booths ect.

A 45° core is also available, with similar high free area, but introducing non vision properties from certain angles, or giving an angled throw if used for supply. Please get in touch for a quote for the 45°
