G4 secondary filter, used to go under paint arrestor filters (PAX500/ PAX1000).

Product	Media
Media	Polyester
Media colour	Blue/White
Thickness (mm)	20
Approx. weight (g/m2)	200
Filter class EN779:2012	G4
Filter class ISO 16890	ISO Course 60%
Air Velocity (m/s)	1.0
Initial PD (Pa)	24
Final PD (Pa)	200
Approx. Dust holding capacity m2 (g)	1000
Max humidity resistance (%)	100
Max operating temperature (C)	100
Fire rating DIN 53438	F1/K1

Needled	No
Special Instructions	Oven temperature to control stability
